

## 72nd Street Improvement Project Update Sept. 6, 2023

September 6, 2023

Re: 72nd Street Road and Trail Improvement Update

**Project description:** Located between Northland Drive and the Liberty Development. The project improves the current gravel road to paved road section and adds a paved trail on the north side of the road.

Construction has picked over the last two weeks. The first of two retaining walls is constructed, storm sewer has been installed, grading of the trail and street has begun, and curb installation has started. On the west end of the project, construction crews have been waiting for an overhead electrical line to be relocated by Xcel Energy. Once completed the second retaining wall, curb installation and trail and grading will begin in this area.

Construction activity for the next few weeks is as follows:

- Construction of the of the second retaining wall begins September 11
- Finish grading of the road and trail
- Completion of the concrete curbing
- Paving of the road and trail begin the week of September 18<sup>th</sup>

Please remember that 72nd Street will be a construction zone and we ask that you please drive carefully and courteously through the project.

Please keep in mind that schedules change during the course of the project due to weather, sub-contractor availability and unforeseen circumstances on the project. We will do our best to keep you informed with updates as they occur.

If you have any questions during the project you may contact me by either phone or e-mail. You may also contact John Jurek at 651-430-8832, We appreciate your patience and cooperation throughout the project.
