

Help protect our kids, environment, and community

# Household Medication Disposal

Washington County residents can dispose of their unused and expired medications at year-round collection drop boxes.

## Why are unused medications a problem?

Unused medicines in your home pose a risk for accidental poisoning, theft, and drug abuse. Medication put in the trash or flushed can pollute water, and harm fish and wildlife. You can help. Bring unwanted medications to a drop box for secure storage and disposal by a licensed incinerator.

## No Medications from Businesses Accepted

### Accepted at Drop Box

**Household** prescription, over-the-counter, and pet medication.

- » Pills & capsules
- » Blister packs
